

Biscovey Academy

A Member of the Aspire Multi Academy Trust

Our SEN Information report / Local Offer

Date **September 2020**

Biscovey Academy provides an inclusive learning environment for all children. Through the delivery of a broad and balanced, innovative and engaging curriculum, together with a culture of safeguarding and support for those most vulnerable, our dedicated and talented team of staff aim to offer our children the opportunities and experiences to enable them to become Successful Learners, Confident Individuals and Responsible Citizens.

We endeavour to remove barriers to learning and strive to ensure that all pupils with SEND make effective and sustained progress from their starting point. We welcome diversity and aim to make everyone feel valued. We act proactively to eliminate discrimination, to promote equality and support our local community in achieving the best outcomes for our children.

We have highly trained teachers and teaching assistants who can help and support children who are experiencing any difficulties and Miss Bignell co-ordinates this work across the whole school. If we feel that your child is experiencing difficulties, we will of course, talk to you about this so that you are aware of what we are doing to support your child and can help with this at home.

COVID -19 update

Aspire Academy Trust is following to DfE guidance (June 18th) and subsequent Local Authority guidance in all matters related to SEND. Each child with an EHCP is being robustly supported through a risk assessment. Each case is evaluated on an individual basis in collaboration with families and other agencies. Due to COVID - 19 some elements of plans cannot be safely delivered despite all reasonable endeavours. In the same way, some elements of the SEND Information report /policy cannot be delivered in full. The DfE recognises that we need to consider 'what can reasonably be provided during this temporary period'. This will be reviewed in September 2020.

4. Teaching and learning (Give details of the school's approach to the teaching and learning of children and young people with SEN)

| Whole school approaches The universal offer to all children and YP | Additional, targeted support and provision | Specialist, individualised support and provision |
|--|--|---|
| | | |
| All children benefit from high quality teaching throughout the school. The SLT undertakes a regular programme of lesson observation and work scrutiny to monitor, evaluate and improve teaching and learning. High quality training is provided for all staff. Learning experiences are differentiated to meet pupils' learning needs. The progress of pupils is monitored and recorded using: Teacher Assessments Classroom observations Book scrutiny Learning walks PIRA and PUMA assessments | The Academy is constantly working to improve subject knowledge and to utilise expert help. Training by school staff and specialists in the last 3 years has included: Attachment Autism Awareness Updates on ICT usage. The use of effective questioning Maths Mastery Moderation procedures TIS training Grammar and Phonics for teaching and support staff. There are weekly updates on SEND and safeguarding in staff meetings. | The teachers and TA's access training to help them support and challenge children. Research is used to improve practice in understanding children's learning and development. A multi-sensory approach is used whenever possible. Dyslexia Screening is undertaken by the SENDCo/SENDCo Assistant with consent of the parent or carer – this is not used to diagnose dyslexia, but to highlight areas of weakness which we can put support in around. |

| The progress of individual pupils and groups of pupils is discussed termly at pupil progress meetings with class teachers Key Stage leaders, Lead teachers, head teachers and the SENDCo. 5. Self-help skills and independence

| Whole school approaches The universal offer to all children and YP | Additional, targeted support and provision | Specialist, individualised support and provision |
|--|---|--|
| All children are encouraged to became independent and resourceful learners. Opportunities to develop independence and resilience in children are identified in medium planning. Staff support children to develop their personal learning and thinking skills. Whole school themed assemblies. Residential visits and school camps. A wide range of after school clubs for all ages. This includes Dance, Knitting, Choir, Boys Choir, Kaleidoscope Girls, Football and Tag Rugby. The Academy takes part in Youth Speaks public speaking each year. | Where teaching assistants are in the classroom they facilitate independence. Students have personalised equipment to help them to learn, such as talking tins, overlays, and timers. Fun fit is provided to support some pupils by aiding concentration and focus and/or improving co-ordination (depending on need). Social Skills groups can be used to target group with a specific need in the Cove. | Teaching assistants working one-to-one with students encourage them to be specific about what they need help with, along with asking them what they have done already to find the help for themselves. Additional support is shared to build resilience in the young person, so that they have self-coping strategies when and if the teaching assistant is absent. Precision teaching. Use of visual materials to promote independence .eg visual timetable. Task management and chooser boards. Buddy System. Sensory breaks |

6. Health, wellbeing and emotional support (include details of the support provided for improving emotional mental and social development of pupils with SEN, this should include extra pastoral support arrangements for listening to the views of pupils with SEN and measures to prevent bullying)

| Whole school approaches The universal offer to all children and YP | Additional, targeted support and provision | Specialist, individualised support and provision |

8. The physical environment (accessibility, safety and positive learning environment- possible references to include, accessibility audit, reasonable adjustments, staff training eg for Moving and Handling)

| Whole school approaches The universal offer to all children and YP | Additional, targeted support and provision | Specialist, individualised support and provision |
|--|--|--|
| The universal oner to all children and Tr | | provision |

| | | Î |
|---|--|---|
| All the main areas of the school are accessible. There is wheelchair access to the main building. The Academy has disabled toilet facilities. Pupils feel safe in an environment where bullying is minimal and dealt with effectively. Pupils know what to do if they feel they are being bullied. The Designated Safeguarding Lead is Mr R Wallbank. Teachers promote a positive learning environment through classroom schemes that reward good behaviour. Good behaviour is rewarded by whole class chosen activities such as extra playtime, film sessions or non-uniform days. Good behaviour is celebrated at the weekly Achievers Assembly. Children are awarded house points for good behaviour which goes 'above and beyond' the normal expected behaviour of students. | The Cove Behaviour for Learning facility is available for children who are referred by their class teacher. Quiet areas are available, such as the Library and the Harbour room. The Cove is staffed throughout the week, including break and lunchtimes, so that children are able to take "time out". The Harbour room is staffed and allows children to carry out both academic and SEMH work in a smaller group alongside class teachers and T.A's. Non-slip, non-breakable equipment available in practical lessons. Adapted toilets available. Some toilets adapted by height. Adjustable chairs/ tables can be made available. There are named adults who are 'team teach' trained. | Dedicated resources are made to pupils' needs and these are available for staff. Lunch time supervisors are aware of children with individual needs. |
| | | |

9. Transition from year to year and setting to setting (to include arrangements for supporting children and young people moving between classes, phases of education and in preparing for adulthood)

| Whole school approaches The universal offer to all children and YP | Additional, targeted support and provision | Specialist, individualised support and provision |
|--|---|--|
| The School liaises carefully with the feeder Infants' school to identify those pupils with additional needs who will be joining Biscovey Academy in year 3. Additional transition visits are available as required. Parents are informed by letter in the Summer term report of their child's next class. Teachers from the previous class meet and plan with the new class teacher at the end of the Summer Term. Each new class has designated transition days to spend time in their new class. If a child moves school before the end of Year 6 every effort is made to contact the new school and to send school records promptly. There are opportunities for children to spend days in their new classes at the end of term, including Year 6 at their new Secondary Schools. | The staff from the feeder schools meet to formulate transition plans. Infant school staff make weekly visits during the latter part of the Summer Term to allow vulnerable Year 2 children to familiarise themselves with the new setting. | The SENDCo organises transition arrangements for vulnerable children and those on the SEN register. Poltair, Fowey and Penrice School have established links with Biscovey Academy, with key staff identified and extra transition days can be facilitated. |

10. The SEND qualifications of, and SEND training attended by, our staff

| To enable all children to have access to the curriculum, information and guidance, physical environment, school and wider community | To enable targeted support and provision | To enable specialist, individualised support and provision |
|---|---|--|
| | All staff have had initial TIS training. 2 members of staff have TIS training, with two further members of staff starting the training imminently. | Level 3 Multi Agency Child Protection Training for 3 members of staff. The Well Being Lead has the following qualifications: Forest school Leader level 3 Penhaligon's Friends National Autistic Society-Social communication/ Sensory Needs. |

| Julie Walsh | Play therapist – offering support and therapy to children through the medium of play | Julie.walsh@cornwall.gov.uk |

12. Pupil progress

Class Teachers are constantly assessing pupils' within their classes. A summative assessment is then recorded each half term and from this, pupil progress meetings are held with the Senior Leadership Team. This is a chance to discuss progress made, highlight any children who are not doing as well as expected and put additional interventions/support in place if required. If we feel outside agencies need to be involved, we will talk to parents/carers first and share our concerns before taking any additional steps.

13. How we know how good our SEN provision is

At Biscovey Academy we are always monitoring and evaluating the quality of our SEN provision. We monitor our provision through monitoring visits, SENDCo observations and learning walks, book/work scrutinies and conversations with pupils. We then put in place a development plan to lead SEND forward within the school. This allows us to adapt provision to better suit pupils if required and to get any additional support into school if needed. Interventions are measured through entry and exit criteria to measure impact.

14. If you wish to complain

In the first instance, we encourage parents to speak with the SENDCo to see if there is anything further we can do. If this is not satisfactory, you can escalate the matter by speaking with the Head of School, Joshua Tyers and/or the lead teachers Mrs Kelly Davis or Mr Rob Wallbank.

Cornwall's SEND Local Offer can be found on The Care and Support in Cornwall website: SEND Local Offer

Answers to Frequently asked Questions

1 How do people in school know if a pupil needs extra help?

We know when a child needs help if: - concerns are raised by parents/carers, teachers or the child - limited progress is being made - there is a change in the child's behaviour or progress. The class teacher is the initial point of contact for responding to parental concerns or if you still have concerns then contact Mr Joshua Tyers (Head of School) or Miss Jamie Bignell (SENDCo).

2. What should I do if I think my child may have special educational needs?

Firstly, speak with your child's class teacher to see if they have the same/similar concerns. If this is the case, an appointment can be made with the School SENDCo to discuss these concerns and plan where to go next. This usually means that your child will be placed 'On Alert' for a minimum of two cycles of assess, plan, do, review – this means that additional support will be put into place and monitored closely. Following this, if little or no progress is noticed, your child will receive an Individual Education Plan (IEP), which will outline specific, measurable, achievable, relevant, time based targets, stating additional support that the school will provide in order to better access the curriculum. These will be shared with you as parents, regularly reviewed and new targets set/agreed. During this time, if progress is slow in specific areas, outside agency involvement may be requested to support. You will always be involved in this process and updated throughout.

3. Who is responsible for the progress and success of my child in school?

The progress and success of your child in school is everyone's responsibility. By 'everyone' we mean all school staff, you as parents and your child themselves. Half termly progress meetings with staff ensures progress is tracked and monitored appropriately. It is the class teacher's responsibility to ensure that your child makes progress and enable them to access the curriculum at their level. The School SENDCo is there to support the class teacher where required, support in making referrals to outside agencies and to offer support and guidance where required.

4. How is the curriculum matched to my child's needs?

At Biscovey Academy we are flexible and creative with our approach to the Primary Curriculum and plan lessons to be accessible for all. In all classrooms there are three 'waves' of support: Wave 1 – support and resources available to everyone in that class; Wave 2 – support and resources available or tailored for small groups of children; and Wave 3 – support and resources specifically designed for or accessible by

individual children. All lessons are differentiated appropriately according to the needs of the children in that class or group whether it be by the amount of support children will receive, resources they may use or the expectation the teacher has of those children when that lesson is finished. Children are sometimes withdrawn from the classroom in small groups or on a one to one basis for more intensive support from a teacher or teaching assistant, or to take part in an intervention program designed to meet and support the needs of that individual or group of children.

5. How do school staff support me/my child?

At all times parents will be involved in decision making around their child. As a school we do our best to meet the needs of a pupil, taking into account their own and parents views. We use a range of outside agencies who can support us as a school and these agencies will also liaise with you as parents to ensure you are happy and understand what is being discussed and agreed. We will also share individual education plans with you, so that you are aware of target areas and strategies used in school.

6. How will I, and my child, know how well they are doing?

Biscovey Academy operates an effective 'open door' policy to create a constant positive dialogue with parents. In addition to this, staff may ask to speak with parents at the end of the school day, parents are invited to attend termly Parent Consultations and annual reports are sent home to parents. All of this constant dialogue between school and parents will help you to support your child's learning at home and inform you of how they are progressing in school. If at any time you wish to discuss your child then meetings can be arranged with class teacher and / or the Head Teacher at your request. Parents with children who are on SEN Support or have an EHCP will also be invited to meet with the SENDCo at least termly to discuss progress and targets.

7. How can you help me to support my child's learning?

As a school we offer a range of training to support you in supporting your child. If we are not currently offering support in an area you would be interested in, please let a member of staff know and we will be more than happy to support you. We are also happy if you would like to discuss your child's specific needs with your class teacher and advise how you can support further.

8. What support is there for my child's overall wellbeing?

Your child's overall wellbeing will be constantly supported in school in a variety of ways. We will help them to be healthy by ensuring that they enjoy good physical and mental health as well as encouraging them to live a healthy lifestyle; we will keep them safe by protecting them

from harm and neglect; we will help them to enjoy life and achieve well by giving them opportunities to make the most out of life and by beginning to teach them the skills they need for adulthood; we will help them to make a positive contribution to school, the community and society by being involved in the community and society and discouraging involvement with anti-social or offending behaviour; and we will contribute to their economic well-being by ensuring that they are not prevented by economic disadvantage from achieving their full potential.

As a school, we are currently using a programme called 'Trauma Informed Schools' (TIS) – this is a programme which supports children's well-being, gives children a chance to reflect and express themselves. A 'trauma' can be something as simple as a house move, a pet dying, a change of school. We are also fortunate to have 'The Cove' which is our well-being room.

9. How do I know that my child is safe in school?

At Biscovey Academy we have a variety of measures, policies and procedures in place to ensure that your child is safe. All staff are checked by the Disclosure and Barring Service (DBS checks previously known as CRB checks) and have tier 2 child protection training. There are also named members of staff who are trained to Tier 3 in child protection – these people are known as our Designated Safeguarding Leads. We have a safeguarding policy and have risk assessments in place for a wide variety of activities and situations that may arise. We also have a Welfare team in place who meet regularly to discuss concerns and put plans into place to reduce any risks to pupils identified.

10. How is my child included in activities outside the classroom including school trips?

Everyone is included in everything at Biscovey Academy. Activities outside the classroom are a part of everyday life for us and we undertake a wide variety of school trips throughout the year. All children are encouraged to take part in after school clubs, and those children who need it are supported appropriately. The same applies when it comes to trips and camps and adaptations are made where necessary to ensure that every child is included whilst at the same time carefully ensuring that those adaptations do not affect the experiences of other children.

11. How accessible is the school environment?

The school building at Biscovey Academy is accessible to everyone who attends school or who comes to visit us. We have good access to every classroom. We have a disabled changing facility - please see the Accessibility Audit.

12. How will school prepare and support me/my child through the transition from key stage to key stage and beyond?

As a Junior school we have a good relationship with our local Secondary and Special schools. Transition visits and discussions are planned to ensure all information is passed across. Our school SENDCo will meet with the new SENDCo's to share information, additional support etc to ensure everything is in place to ensure a successful transition to the next stage of education.

13. How are the school's resources allocated and matched to pupils' special educational needs?

Each year the school decides on an allocation of money for special educational needs (SEN). For all children on the school's SEN record of need, the school itself is expected to meet the first £6000 of any resources and support required by each individual child. For those children with an Education, Health and Care Plan (EHCP), spending above the £6000 may be claimed back from the local authority up to a limit set by the resources provided by the Cornwall County Statutory SEN Team. In addition to this, these children also have access to free resources and support from external professionals such as Educational Psychologists for example. In-school resources and support are detailed in Individual Education Plans (IEPs). These plans are individually tailored to each child on the SEN record of need and specify which resources will be used to support that child, how much support they will receive and whether any additional adult support will be used.

The school carefully considers appropriate deployment of support staff to meet the needs of individuals or groups of children. This can take the form of:

- Whole class support, group support, 1:1 support
- Involvement in planning and assessment as appropriate
- Lead planned interventions (eg RWI, SALT, precision teaching for individual need)
- Behaviour support

14. How is the decision made about what type and how much support each pupil receives?

Class teachers with support from the SENDCo, discuss the individual children's needs and write an IEP which targets specific steps for each child on the Record of Need. This will ensure each child's needs are met, with specific, measurable steps to support progress. Support, whether it be through resources or adult support will be stated on the IEP and shared with parents. This ensures each child is monitored and support tailored to meet individual needs.

The funds for SEND are allocated in the following ways:

- Support staff
- External services
- Teaching and learning resources

Staff training

15. Who can I contact for further information?

Should you require any further information please contact either Mr Joshua Tyers (Head of School) or Miss Bignell (SENDCo).
